## **BioCryst to Present at the Jefferies 2017 London Healthcare Conference**

RESEARCH TRIANGLE PARK, N.C., Nov. 01, 2017 (GLOBE NEWSWIRE) -- [BioCryst Pharmaceuticals, Inc.](http://www.biocryst.com) (NASDAQ:BCRX) announced today that executives from the Company are scheduled to provide a corporate summary and update regarding the Company's clinical programs at the Jefferies 2017 London Healthcare Conference on November 15, 2017 at 4:40 p.m. Greenwich Mean Time.

Links to a live audio webcast and replay of the presentation may be accessed on the BioCryst website events page at <http://investor.shareholder.com/biocryst/events.cfm>.

### **About BioCryst Pharmaceuticals**

BioCryst Pharmaceuticals designs, optimizes and develops novel small molecule drugs that block key enzymes involved in rare diseases. BioCryst has several ongoing development programs: BCX7353 and other second generation oral inhibitors of plasma kallikrein for hereditary angioedema, and galidesivir, a broad spectrum viral RNA polymerase inhibitor that is a potential treatment for filoviruses. RAPIVAB<sup>®</sup> (peramivir injection), a viral neuraminidase inhibitor for the treatment of influenza, is BioCryst's first approved product and has received regulatory approval in the U.S., Canada, Japan, Taiwan and Korea. Post-marketing commitments for RAPIVAB are ongoing, as well as activities to support regulatory approvals in other territories. For more information, please visit the Company's website at [www.BioCryst.com](http://www.BioCryst.com).

This press release contains forward-looking statements, including statements regarding future results and achievements.
